# Ultra

The ULTRA means many solutions. In an effort to provide chair that meets the expectation of all users we designed the ULTRA. With two seat types, various bases and armrests it is simple to adjust. Thanks to these features is the ULTRA multifunctional so that it can be used in a variety of settings from offices or public utilities to home interiors.

With sophisticated shell armchairs and minimalistic but eye-catching chairs to choose from combines the ULTRA functionality with working comfort. Designed with users comfort in mind features the ULTRA armrests that give

relief to arms as well as cushion fastened to the backrest adjusting to the way you sit. With a wide spectrum of fabrics and various types of frames offered is the ULTRA adaptable to any environment.

That's why it was honoured with the prize Dobry Wzór 2017 (Good Design) in the category WORK as its design was positively assessed regarding visual and functional features, economic features, innovativeness and comfort of use.

## Designer

Krystian Kowalski was born in Warsaw (1982) in an artistic family. He studied Product Design at Royal College of Art in London (MA 2010) and Faculty of Industrial Design at Akademia Sztuk Pięknych in Warsaw (MA 2007).

He gained professional experience when working for design studios in Warsaw, Łódź and in Milan. At Bellini studio he applied prototypes creating based methodology. Over the years 2009-2013 he co-created Kompott Studio, nominated for FX International Interior Design Award (2010) for Breakthrough Talent of the Year. Since 2013 he has been running design studio Krystian Kowalski Industrial Design.

He cooperates with leading furniture producers in the country and abroad. When designing he strives for smart solutions providing sophisticated and unobvious character of the product. His creative process is based on behaviour observations, in-depth analysis of trends and technologies choosing optimal solutions for the brand and production process. Krystian believes in a comprehensive action. He applies advanced computer technologies complemented by work with materials. Bold ideas are born in the studio with pattern shop and materialized in form of prototypes. His works were not only exhibited among others at Mint Gallery in London, MOCAK in Cracow and at Triennale in Milan, but also published in the most important branch magazines.

# Ultra Armchair

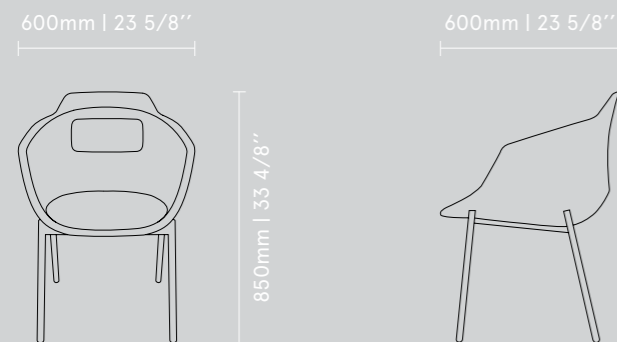

**Ergonomically-shaped shell seat made of moulded foam defines the ULTRA armchair. Crafted for maximum sitting**

Distinct seat stitching adds an element of elegance to its design. Three different base types make the seating solution extremely versatile.

Choose either four star metal base or experience the comfort of five star swivel base adjustable in height allowing for customised sitting position.

**comfort becomes the cushion fastened to the backrest the most striking feature.**

To meet all of your seating needs we fitted these bases with glides or castors. Following the Scandinavian design offers the ULTRA also a wooden frame suitable for office settings as well as for less formal areas.
